

James T. Oblinger Jr.

Mr. Oblinger is a member of Code 2233 at the Naval Undersea Warfare Center in Newport, RI.

After joining NUWC, Mr. Oblinger worked on software systems for several generations of submarine control systems including the BSY-1 and BSY-2. He then concentrated his work in software engineering and later co-chaired the SPAWAR project Next Generation Computer System (NGCR) Operating System Standard Working Group (OSSWG) project. He continues to support U.S Navy interests in the IEEE POSIX Operating System Standards Interface work.

Mr. Oblinger earned a BSEE from the Southeastern Massachusetts University, now the University of Massachusetts at North Dartmouth, and an MSCS from the University of Rhode Island.
