
Biographical Information

David M. Morris

Dave Morris is a senior software development manager with Independent Engineering, Inc. in Arlington, Virginia. He has over sixteen years of experience in all phases of software engineering and system support. He is currently the project manager for the Practical Software Measurement (PSM) Insight Tool. In addition to his current software development responsibilities, he is an instructor for the Army Software Metrics Training Course and the PSM One-Day Course. He has held several software-engineering positions to include development and operational test of major DOD systems.

Mr. Morris received a Master of Information Systems from Virginia Polytechnic Institute and State University and BS in Mathematics from Mary Washington College.
